

NOTICE AND INVITATION TO BID

On February 1, 2001 California Assembly Bill 1, First Extraordinary Session, was signed into law by Governor Gray Davis providing the necessary funding for California Department of Water Resources to enter into contracts for the purchase of energy for electric customers in the State of California.

This is to notify you that effective no later than February 15, 2001, the California Department of Water Resources intends to limit purchasing of electricity in the hour-ahead and day-ahead markets to a maximum of five percent of the load as was originally contemplated by the restructuring initiative. Accordingly, the Department of Water Resources shall be purchasing all of its "net short" capacity and energy through a portfolio of longer-term contracts.

Toward that end, we are inviting bids for shorter-term purchases of 30 days, 60 days, 180 days, one-year, two-year, or three-year duration, as well as longer-term contracts. These bids must be your final and best offer and we will be making awards promptly based on bids submitted and bilateral negotiations. All bids must be received no later than close of business on February 6, 2001 and we will be making awards as early as February 9.

Please state the quantity, the price and the term commencing at the earliest feasible date, and the point of delivery and source of power. Bids may be made by non-generators as well as generators and by both in-state and out of state entities.

The restructured California market can only be successful if there is a portfolio of long-term contracts. We expect your vigorous and competitive response to this solicitation. You can be assured we will act promptly in accepting the low bids.

Please send your bids to the California Department of Water Resources via fax at the numbers noted in the enclosed Request for Bids.

Section 5.01. Uncontrollable Forces. No party shall be considered to be in breach of this Agreement to the extent that a failure to perform its obligations under this Agreement shall be due to an Uncontrollable Force. The term " Uncontrollable Force " means any cause beyond the control of the party affected, including but not restricted to flood, drought, earthquake, storm, fire, lightning, epidemic, war, riot, civil disturbance or disobedience, labor dispute, labor or material shortage, sabotage, restraint by court order or public authority, and action or nonaction by, or failure to obtain the necessary authorizations or approvals from, any governmental agency or authority which by exercise of due diligence such party could not reasonably have been expected to avoid and to the extent which by exercise of due diligence it has been unable to overcome. No party shall, however, be relieved of liability for failure of performance to the extent that such failure is due to causes arising out of its own negligence or due to removable or remediable causes which it fails to remove or remedy within a reasonable time period. Nothing contained herein shall be construed to require a party to settle any strike or labor dispute in which it may be involved. Any party rendered unable to fulfill any of its obligations by reason of an Uncontrollable Force shall give prompt notice of such fact and shall exercise due diligence

to remove such inability within a reasonable time period. If oral notice is provided, it shall be promptly followed by written notice. Notwithstanding the foregoing, an Uncontrollable Force shall not be based on (i) the loss of the Department's markets; (ii) the Department's inability economically to use or resell the Firm Energy purchased hereunder; (iii) the loss or failure of Seller's supply, including, but not limited to, Seller's own generating assets or contracts for the purchase of power or energy; or (iv) Seller's ability to sell the Firm Energy at a price greater than the Purchase Price.

The Department shall not be relieved by operation of this Section 5.01 of any liability to pay for power delivered to the Department by the Seller or to make payments then due or which the Department is obligated to make with respect to performance which occurred prior to the Uncontrollable Force.

- (a) The failure by the Defaulting Party to make, when due, any payment required pursuant to this Agreement if such failure is not remedied within five (5) Business Days after written notice of such failure is given to the Defaulting Party by the other party (the "Non-Defaulting Party"). The Non-Defaulting Party shall provide the notice by facsimile to the Authorized Representative specified in Appendix B for the Defaulting Party and also shall send the notice by overnight delivery to such Authorized Representative; or
- (b) The failure by the Defaulting Party to provide clear and good title as required by Section 10.01, to have made accurate representations and warranties as required by Sections 3.01 or 3.02 or to perform any other material covenant or obligation hereunder and such failure is not cured within five (5) Business Days after written notice thereof to the Defaulting Party. The Non-Defaulting Party shall provide the notice by facsimile to the designated contact person for the Defaulting Party and also shall send the notice by overnight delivery to such Authorized Representative; or
- (c) The institution, with respect to the Defaulting Party, by the Defaulting Party or by another person or entity, of a bankruptcy, reorganization, moratorium, liquidation or similar insolvency proceeding or other relief under any bankruptcy or insolvency law affecting creditor's rights, or a petition is presented or instituted for its winding-up or liquidation; or
- (d) The failure by the Defaulting Party to provide adequate assurances of its ability to perform all of its outstanding material obligations to the Non-Defaulting Party under the Agreement pursuant to Section 7.01 of this Agreement, or

- (e) The Defaulting Party consolidates or amalgamates with, or merges with or into, or transfers all or substantially all of its assets to, another entity and, at the time of such consolidation, amalgamation, merger or transfer, the resulting, surviving or transferee entity fails to assume all the obligations of such Defaulting Party under this Agreement to which it or its predecessor was a party by operation of law or pursuant to an agreement reasonably satisfactory to the Non-Defaulting Party.

Section 6.02. Remedies for Events of Default. (a) If an Event of Default occurs, the Non-Defaulting Party shall possess the right to terminate this Agreement upon written notice (by facsimile or other reasonable means) to the Defaulting Party, such notice of termination to be effective immediately upon receipt. The payment associated with termination ("Termination Payment") shall be the aggregate of the Market Value and Costs calculated in accordance with Section 6.03. Subject to the provisions of Section 6.02 (b) hereof, the Termination Payment shall be the sole and exclusive remedy for the Non-Defaulting Party for a termination hereunder. Prior to receipt of such notice of termination by the Defaulting Party, the Non-Defaulting Party may exercise any remedies available to it at law or otherwise, including, but not limited to, the right to seek injunctive relief to prevent irreparable injury to the Non-Defaulting Party.

(b) Upon termination, the Non-Defaulting Party may withhold any payments it owes the Defaulting Party for any obligations incurred prior to termination under this Agreement until the Defaulting Party pays the Termination Payment to the Non-Defaulting Party.

Section 6.03. Termination Payment Calculations. The Non-Defaulting Party shall calculate the Termination Payment as follows:

(a) Market Value shall be (i) in the case the Department is the Non-Defaulting Party, the present value of the positive difference, if any, of (A) payments under a Replacement Contract based on the Per Unit Market Price, and (B) payments under this Agreement, or (ii) in the case the Seller is the Non-Defaulting Party, the present value of the positive difference, if any, of (A) payments under this Agreement, and (B) payments under a Replacement Contract based on the Per Unit Market Price, in each case using the Present Value Rate as of the time of termination (to take account of the period between the time notice of termination was effective and when such amount would have otherwise been due pursuant to the relevant transaction). The "Present Value Rate" shall mean the sum of 0.50% plus the yield reported on page "USD" of the Bloomberg Financial Markets Services Screen (or, if not available, any other nationally recognized trading screen reporting on-line intraday trading in United States government securities) at 11:00 a.m. (New York City, New York time) for the United States government securities having a maturity that matches the average remaining term of this Agreement. It is expressly agreed that the Non-Defaulting Party shall not be required to enter into a Replacement Contract in order to determine the Termination Payment.

(b) To ascertain the Per Unit Market Price of a Replacement Contract with a term of less than one year, the Non-Defaulting Party may consider, among other valuations, quotations from leading dealers in energy contracts, any or all of the settlement prices

of the NYMEX power futures contracts, any or all of the settlement prices on other established power exchanges and other bona fide third party offers; provided, however, that if there is no actively traded market for such Replacement Contract, the Non-Defaulting Party shall use the methodology set forth in paragraph (c).

(c) To ascertain the Per Unit Market Price of a Replacement Contract with a term of one year or more, the Non-Defaulting Party shall use the Market Quotation Average Price; provided, however, that if there is an actively traded market for such Replacement Contract, the Non-Defaulting Party shall use the methodology set forth in paragraph (b).

(d) "Costs" means brokerage fees, commissions and other similar transaction costs and expenses reasonably incurred in terminating any specifically related arrangements pursuant to which the Non-Defaulting Party has hedged its obligations or entering into new arrangements which replace this Agreement, transmission and ancillary service costs caused by the termination of this Agreement incurred in connection with the Non-Defaulting Party enforcing its rights with regard to the termination of this Agreement. The Non-Defaulting Party shall use reasonable efforts to mitigate or eliminate these Costs.

(e) In no event, however, shall a party's Market Value or Costs include any penalties or similar charges imposed by the Non-Defaulting Party.

If the Defaulting Party disagrees with the calculation of the Termination Payment and the parties cannot otherwise resolve their differences, the calculation issue shall be submitted to dispute resolution as provided in Section 8.01 of this Agreement. Pending resolution of the dispute, the Defaulting Party shall pay the full amount of the Termination Payment calculated by the Non-Defaulting Party within three (3) Business Days of receipt of written notice subject to the Non-Defaulting Party refunding, with interest, pursuant to Section 4.04, any amounts determined to have been overpaid.

ARTICLE VII CREDITWORTHINESS

Section 7.01. Creditworthiness. In the event that (a) the Seller or its Guarantor does not have long-term senior lien debt rated Investment Grade on the effective date of this Agreement, or (b) should Seller's creditworthiness, financial responsibility, or performance viability become unsatisfactory to the Department in the Department's reasonably exercised discretion, the Department may require the Seller to provide, at the Seller's option (but subject to the Department's acceptance based upon reasonably exercised discretion), either (i) the posting of a Letter of Credit, (ii) a cash prepayment, (iii) the posting of other acceptable collateral or security by the Seller, (iv) a Guarantee Agreement executed by a creditworthy entity; or (v) some other mutually agreeable method of satisfying the Department. The Seller's obligations under this Section 7.01 shall be in an amount sufficient to cover (1) in case the remaining Term is less than one year, 100% of the Termination Payment, or (2) in case the remaining Term is one year or more, 25% of the Termination Payment, in each case calculated as if Article VI applied. Events

which may trigger the Department questioning the Seller's creditworthiness, financial responsibility, or performance viability pursuant to clause (b) above include, but are not limited to, the following:

- (A) The Department has knowledge that the Seller (or its Guarantor, if applicable) is failing to perform or defaulting under other contracts.
- (B) The Seller or its Guarantor has long-term senior lien debt which is rated as Investment Grade and that debt falls below the Investment Grade rating by S&P or Moody's or is below Investment Grade and the rating of that debt is downgraded further by S&P or Moody's.
- (C) Other substantial adverse changes in the Seller's financial condition occur.
- (D) Substantial changes in market prices or other events occur which, in the sole judgment of the Department, materially and adversely impact the Seller's ability to perform under this Agreement.

If the Seller fails to provide such reasonably satisfactory assurances of its ability to perform a transaction hereunder within three (3) Business Days of demand therefor, that will be considered an Event of Default under Section 6.01 of this Agreement and the Department shall have the right to exercise any of the remedies provided for under Article VI. Nothing contained in this Section 7.01 shall affect any credit agreement or arrangement, if any, between the parties.

ARTICLE VIII DISPUTE RESOLUTION

Section 8.01. Dispute Resolution. If the parties are unable to resolve a dispute with respect to this Agreement, either party may send a notice to the other requesting a meeting at which senior officers or officials of the parties will attempt to resolve the dispute. If the parties are unable to resolve the dispute within ten (10) days after the meeting notice is received by the party to whom it is directed, either party may demand that the matter be submitted to a single neutral arbitrator with substantial relevant experience in the power industry. If the parties are unable to agree upon an arbitrator within ten (10) days of the demand, the arbitrator shall be appointed pursuant to California Code of Civil Procedures and the party applying for the appointment of the arbitrator shall request that the appointment be made on an expedited basis. Within ten (10) days of the appointment of the arbitrator, the party demanding arbitration shall submit to the arbitrator a reasonably detailed description of its position together with supporting material. Within a further ten (10) days, the other party shall respond by submitting to the arbitrator a reasonably detailed statement of its position together with supporting material. Each party shall at the same time as such submission deliver copies of its submission to the other party and shall promptly provide any additional explanation or information requested by the arbitrator. The arbitrator shall be instructed to use all reasonable efforts to render a written decision setting forth its findings and conclusions within thirty (30) days of the date on which the arbitration proceedings are concluded. The arbitrator's decision concerning the item or items in dispute

shall be final and binding on the parties. The parties shall bear their own costs and share the arbitrator's expenses equally.

ARTICLE IX REMEDIES FOR FAILURE TO DELIVER/RECEIVE

Section 9.01. Seller Failure. If Seller fails to schedule and/or deliver all or part of the Firm Energy, and such failure is not excused under the terms of this Agreement or by Department's failure to perform, then Seller shall pay Department, within five (5) Business Days of invoice receipt], an amount for such deficiency equal to the positive difference, if any, obtained by subtracting the Purchase Price from the Replacement Price. The invoice for such amount shall include a written statement explaining in reasonable detail the calculation of such amount.

Section 9.02. Department Failure. If Department fails to schedule and /or receive all or part of the Firm Energy and such failure is not excused under the terms of this Agreement or by Seller's failure to perform, then Department shall pay Seller, within five (5) Business Days of invoice receipt], an amount for such deficiency equal to the positive difference, if any, obtained by subtracting the Sales Price from the Purchase Price. The invoice for such amount shall include a written statement explaining in reasonable detail the calculation of such amount.

Section 10.04 Waiver of Trial by Jury. The parties do hereby expressly waive all rights to trial by jury on any cause of action directly or indirectly involving the terms, covenants or

conditions of this Agreement or any matters whatsoever arising out of or in any way connected with this Agreement. The provision of this Agreement relating to waiver of a jury trial shall survive the termination or expiration of this Agreement.

Section 10.05. Amendment. Neither this Agreement nor any provision hereof may be amended, waived, discharged or terminated except by an instrument in writing signed by the Department and the Seller.

Section 10.06. Counterparts. This Agreement may be executed in any number of counterparts, and upon execution by the parties, each executed counterpart shall have the same force and effect as an original instrument and as if the parties had signed the same instrument. Any signature page of this Agreement may be detached from any counterpart of this Agreement without impairing the legal effect of any signatures thereon, and may be attached to another counterpart of this Agreement identical in form hereto but having attached to it one or more signature pages.

The execution of a mortgage or trust deed or a judicial or foreclosure sale made thereunder shall not be deemed a voluntary transfer within the meaning of this Section 10.08.

Anything herein to the contrary notwithstanding, the Department may transfer and assign this Agreement to any entity created or designated by law for such purpose and the Department shall have no further obligations hereunder; provided, however, that all right, title and interest in

the Fund shall be transferred to such entity without any encumbrance for the benefit of all persons selling power or energy to the Department, including the Seller.

Section 10.09. Severability. In the event that any of the terms, covenants or conditions of this Agreement, or the application of any such term, covenant or condition, shall be held invalid as to any person or circumstance by any court, regulatory agency, or other regulatory body having jurisdiction, all other terms, covenants or conditions of this Agreement and their application shall not be affected thereby, but shall remain in force and effect unless a court, regulatory agency, or other regulatory body holds that the provisions are not separable from all other provisions of this Agreement.

Each party shall be individually responsible for its own covenants, obligations, and liabilities under this Agreement.

(b) All rights of the parties are several, not joint. No party shall be under the control of or shall be deemed to control another party. Except as expressly provided in this Agreement, no party shall have a right or power to bind another party without its express written consent.

Section 10.11. No Dedication of Facilities. (GC 8350 et seq.)

3. NATIONAL LABOR RELATIONS BOARD CERTIFICATION: Contractor certifies that no more than one (1) final unappealable finding of contempt of court by a Federal court has been issued against Contractor within the immediately preceding two-year period because of Contractor's failure to comply with an order of a Federal court which orders Contractor to comply with an order of the National Labor Relations Board. DOING BUSINESS WITH THE STATE OF CALIFORNIA

Contractor agrees to comply with all applicable laws and all applicable orders and regulations of regulatory authorities having jurisdiction over matters covered by this Agreement. Without limiting the foregoing, Contractor shall comply with the following:

1. CONFLICT OF INTEREST: Contractor needs to be aware of the following provisions regarding current or former state employees. If Contractor has any questions on the status of any person rendering services or involved with the Agreement, the awarding agency must be contacted immediately for clarification.

Current State Employees (PCC 10410):

Such assignment shall be made and become effective at the time the purchasing body tenders final payment to the bidder. Government Code Section 4552.

c. If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the bid price, less the expenses incurred in obtaining that portion of the recovery. Government Code Section 4553.

d. Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action.
